GETTING STARTED

How to Use This Guide

Follow this sequence to activate all 73 creators efficiently.

1

Start with 🔴 Priority 15

These are the highest-reach creators. DM or email them TODAY. Use Template T1 (pro-bono) first. Go to T2 (paid) only if they ask about fees.

2

Match the right template

Each creator row shows which template to use. Arabic creators get T3. Follow-up after 48h with T4. Never skip the follow-up.

3

4

Log every response

Use the Tracker section. Update status for every creator. Confirmed = send them the Content Brief. Declined = move on, no negotiation.

Send the Content Brief

Once confirmed, send creators the Content Brief (Section 7 of this doc). Don't let them go off-script — it must be approved before posting.

❗

OKX Approval Check

For creators NOT on the OKX pre-approved list, flag to Thomas before posting. OKX has final say on all content. Never confirm a creator as "live" without OKX sign-off.

❌ **NEVER SAY**

- ❌ "Crypto promotion"
- ❌ "Trading platform"
- ❌ "OKX exchange"
- ❌ "Invest / investments"
- ❌ "Token / blockchain"

Hi **[Name]** 👋

I'm reaching out from TiKiT, the influencer team managing OKX's Ramadan campaign with Dubai Cares & Volunteer Emirates.

This Ramadan, OKX is donating **AED 1,000,000** to provide **10,000 school kits** to children in need. It's one of the most impactful CSR campaigns in the region this year.

We'd love to invite you to be part of this — a single Reel or video + Story with campaign link. No brand talking points, no crypto content — just your voice behind a cause that matters.

This is a pro-bono collaboration (CSR/charitable participation), and your name will be featured across OKX's regional campaign materials.

Are you open to a quick 10-min call this week?
